

Sending Holiday Cheer to All
And
Wishes for a Wonderful 2010!

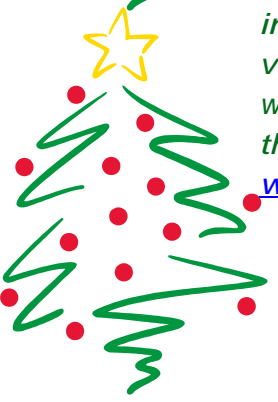

2009 has been a good year for both of us. We've had lots of time with family and opportunities to see old friends.

Cathy's brother, Kent, made an historical trip to visit New York City – from Maui, Hawaii. We were so pleased to have the time together. Robert caught up with school friends dating back to the age of 10 (and they still recognized each other!).

Cathy was liberated from her job in October (thankfully) due to cut-backs. She's using the free time to reassess her career interests, take classes that were on hold for ten years, and look for a new job. We are considering all possible options including moving back to Europe – should a good job arise.

The big event of this year is that Robert has launched his on-line business selling software to music schools and musicians. We invite you to visit the website to see the results and watch the videos. You can help us out by occasionally clicking on the website to move the site up the Google rankings ... and please share the web address with any musician or music teachers you know!
www.harmonybuilder.com .

Our best wishes to you for the holidays and 2010!

Happy Holidays

Here's wishing you all a very happy, festive and connected Christmas and New Year! May your coming year be full of music, dance, activism (remember the polar bear), inspiring emails and exciting new discoveries! A big hug from Robert

BUONE FESTE

Spero che questo fine anno sia per tutti sereno, a conclusione di un anno (tutto sommato) positivo! Per il 2010, vi auguro tanta musica, allegria, un pizzico di attivismo (ricordiamoci gli orsi polari!), e tante scoperte entusiasmanti! Restate sempre collegati! Abbracci da Roberto
